BODY FLUID DISPOSAL KITS

For the safe and effective handling, containment, disinfection and disposal of infectious micro-organisms contained in blood, vomit, urine, mucus, faeces, semen and objects such as needles and syringes, broken glass and knives.

Granules solidify the spill and the scoop and scraper ensure the safe removal of the solidified spill. A biohazard waste bag is included and disinfectant spray allows the contaminated area to be cleaned. Care should be taken when handling such waste so as a precaution the apron and gloves should be worn during clean up.

Meets current Health and Safety requirements.
